TWO JURIES DRAWN FOR TRIAL OF BOOTLEGGERS

All matters in the Superior court have been postponed until next Monday, pending the recovery of Judge Preston from an attack of influenza. The judge is able to sit up at the present time, but will not be able to leave the house for a few days longer. A session of court was held at his home Monday and the Van Duren case was put over until next Monday.

Two juries were drawn for the trials of Louis Cassella and P. Bernardino, of Albion. Both men are accused of the same offenses, maintaining a house where intoxicating liquors were sold, and making two sales. Each has asked for a separate trial. Cassella's trial will be held on the 20th, and the following venire men have been summoned: M. L. Sawyers, Willits; L. Gobbi, Ukiah; A. Crispin, Point Arena; E. J. Windlinx, Fort Bragg; J. B. LOU CUNNINGHAM HOME WITH BRIDE FRIDAY

Lou Cunningham, after an extended absence in southern California on "important business," returned last Friday evening to his home in this city, accompanied by a better half, formerly Miss Ruby Jones, of Upper Lake. Lou succeeded in slipping one over on his friends. He left about the middle of February ostensibly on an "important business trip" to San Francisco. Giving his friends there the slip on the excuse he had to get back home, he left for Los Angeles, and before anyone could discover his whereabouts all sorts of wild rumors began drifting up from the southland. The rumors were confirmed when Lou returned to San Francisco accompanied by his bride.

The couple was married at Los Angeles on February 20. Mrs. Cunningham is a beautiful and accomplished young woman, a graduate of the University of California. She has been teaching in the San Diego high school the past year.

A host of friends here are extending congratulations and good wishes to the happy pair, who have taken up their residence at their home in the former Weldon house at the corner of Pine and Henry streets.

HEAVY SNOW STORM PUTS N.-W. P. TELEGRAPH OUT

The heavy storm which visited this section last Friday afternoon and evening put the telegraph lines of the Northwestern Pacific and Western Union between Laughlin and Willits completely out of business. Twenty-two poles went down under the weight of the snow which froze to the telegraph wires. The congealed snow was as large around as a man's leg in places and the wires snapped like packthread.

Chief Assistant Electrician E. Schaubel was busy from Friday evening until Saturday morning restoring the lines.

The storm came from the south and more nearly resembled an eastern blizzard than anything we have had here since the memory of man.

The telephone lines suffered as badly as the telegraph lines.

CALENDAR WILL BE CALLED IN COURT THIS MORNING

For the first time in two weeks the calendar will be called in the superior court this morning, Judge Preston having so far recovered from his late attack of influenza as to be out once more.

A big grist of business is on the calendar.

EVANGELIST CONANT TO BE HERE TWO WEEKS LONGER

The meeting at the Baptist church is making folks talk. Mr. Conant, the evangelist, upsets a good many popular opinions and ideas, makes people get out of a rut and do a little thinking.

It is evident that the door to the room of some peoples' religious thinking has grown rusty in its hinges and you can almost hear the hinges creak as some of the doors slowly open.

Mr. Conant makes us wonder how many folks in Ukiah are really thinking about spiritual things these days. The evangelist will be at the church for about two weeks more.

REDUCTION IN RATES SCHEDULED FOR APRIL 1

The reduction in water rates promised should the city take over the water company's property will take effect on April 1, according to information given out the first of the week by the city trustees. The reduction will amount to ten per cent on the existing rates.

Miss Lurline Jamison came up from the city the latter part of last week and has been spending the week with her parents, Mr. and Mrs. J. A. Jamison.

LOCAL MAN LOSES BROTHER IN AUTOMOBILE ACCIDENT

SAN RAFAEL, March 11.—Wm. Lehn, brother of Louis Lehn, of Ukiah, was killed last night in an automobile accident near Ignacio, and Mrs. Lehn suffered a fracture of the left thigh, while their 13-year-old son and Chas. Newman and wife of Santa Rosa suffered minor injuries. Lehn is thought to have suffered a stroke of apoplexy, while at the steering wheel, and ran the car off the road, through a fence and wrecked it. Mrs. Lehn stated that she reached over and grasped the steering wheel when the car started to leave the road, but says that her husband's grasp was set spasmodically on the wheel and she was unable to counteract the strength in his arms.

Lehn's death is supposed to have occurred either from the stroke or from a fractured skull he received when the car turned over.

Eagles to Have Big Initiation

The Ukiah Aerie, Fraternal Order of Eagles, is to have a big class initiation and ladies' night on April 15, when the lodge will be visited by Fred L. Thomas, state president of the order.

A big class will be here from Willits to take the degrees and a large delegation will come over from both Willits and Fort Bragg.

The visiting ladies will be royally entertained, a committee of local ladies having been appointed to take care of them.

A big banquet, card games, dancing and a general social good time is planned.

Miss Katherine Phelps was seriously ill with influenza this week.

KEEPING UP WITH LIZZIE NEXT BIG VICTORY SPECIAL

Lizzie had social aspirations and every man, woman and child in her town did their "durndest" to follow the pace she set. They sure did step some! Automobiles were as common as colds in the head—everybody had one!—and diamond-studded lorgnettes waved in the breeze.

Then came the blow that brought the fair Elizabeth—and with her, the whole town—down out of the clouds and back to earth again.

And Lizzie and her Dan settled down on a tiny farm to raise a lot of cows and geese and ducks and everything, while the Count sailed back to Italy, a sadder and a wiser man.

It's a whale of a picture with a laugh or a thrill in every foot of film and 'way down underneath a great big wonderful moral it will help us all to heed.

It is coming to the Victory theatre next Wednesday and Trusday nights.

Schirmer Opening Takes Place Today

The long-awaited opening of Milady's Shoppe, the new Schirmer store next to the Palace hotel, takes place today. The firm is offering a splendid lot of values as specials for the opening days of today and tomorrow, and a perusal of their ad on page 5 of this issue of the Dispatch-Democrat will prove highly interesting to our lady readers.

The firm will welcome all visitors to an inspection of their stock, whether or not they wish to purchase.

Tom Murray, a prominent rancher of the Pieta section, was in town on business last Wednesday.

REMAINS OF H. B. SMITH ARE LAID TO REST SUNDAY

All that was mortal of H. B. Smith was laid to rest in the Masonic cemtery last Sunday afternoon. The funeral cortege was one of the longest that has ever turned out here and the floral offerings were profuse and very beautiful.

The funeral services were conducted at the home of Dr. J. E. Moore and at the cemetery by the Masons, led by F. C. Handy, a close friend of Mr. Smith, who presided on a request of the deceased voiced prior to his death.

The pall bearers were also selected by the deceased several weeks ago and were Percy Handy, R. E. Donhoe, Hale McCowen, Sr., W. P. Thomas, George P. Anderson and T. M. Cleland.

In honor of his memory the flags on the city hall, the courthouse and the Masonic hall hung at half mast.

FINED FOR DRIVING WITH CUTOUT OPEN

Roy Murray was haled before Judge Hurley the latter part of last week charged by City Marshall T. M. Cleland with driving with his muffler open.

It is stated that Murray had been warned several times for driving too fast and for driving with his cutout open. He was promised a jail sentence on the occasion of his next appearance before the court.

WILL OFFER PRIZES FOR BEST WOOL FLEECES

An announcement of the utmost interest to the wool men of Mendocino county is contained in the advertisement of the Chas. J. Webb Sons Co., contained on page five of this issue of the Dispatch-Democrat. The company is offering four prizes ranging from $200 to $50 for the best fleeces produced this year in the territory north of a line drawn east and west through Stockton.

Mendocino county now has a fine chance to make a reputation for herself. It ought to be a matter of pride for our wool men not to let the first prize get away from us, and it would be still better if Mendocino could grab them all.

Come on, you wool growers, let's go!

DISTRICT COURT REVERSES JUDGEMENT IN OWENS COURT

Atty. W. D. L. Held, attorney for George Owens, received word yesterday that the district court of appeals had reversed the judgment in the case of the People vs. George Owens, Willits man accused of issuing a check when he had no funds in bank.

Owens was convicted on a jury trial and sentenced to a term of from one to fourteen years in prison. The defense appealed on the ground that the evidence was insufficient to show that a crime had been committed.

The case will be tried again.

Bound Over for Resisting Officer

FORT BRAGG, March 15.—Andrew Anderson of Caspar was bound over to the superior court this morning on a charge of resisting and striking an officer.

Paul Dupon, who pleaded guilty to a charge of interfering with an officer, in connection with the same case, was fined $200 by Recorder Chapman.

The trouble started Saturday night as Nightwatchman Brown started to arrest Anderson on a charge of disturbing the peace.

Anderson showed fight and in the mix-up struck Brown in the face, blacking his eye.

It was during the fight that Dupon was charged with interfering, and Anderson managed to escape.

He walked all that night to Willits and was in the act of sitting down to dinner when Deputy Sheriff Ries arrested him on a charge of disturbing the peace.

He pleaded guilty before Judge Chapman to this charge and was fined $30. Only having $28 on his person he went out and borrowed the two washers from "Pop" Marshall and settled in full.

He was then arrested on the more serious charge, to which he pleaded guilty, stating he didn't remember anything about it.

WILLITS NEWS OF PAST WEEK

(Willits News)

WILLITS, March 15.—Mrs. F. W. Whited, one of the most prominent and beloved citizens of this community, passed away at her home on Mendocino street early Monday morning after a brief illness, which developed into pneumonia. Besides her father and mother Mrs. Whited is survived by her husband, W. F. Whited, who is assistant postmaster here and to whom she was married in 1914; two boys, Lloyd, aged six years and Francis, aged two and one-half years; two sisters, Mrs. Grace Moran of Long Beach, Mrs. E. H. Carner of Willits, and a brother, Ernest Taylor of Eureka.

Six youths were take ninto custody here on Tuesday afternoon charged with misdemeanor offenses for taking possession of a box car on the Northwestern Pacific railway at Longvale and building a fire on the floor of the car. Upon the command of the agent at Longvale to leave the car the young men are said to have refused to comply, it being charged that three of them left only at the point of a pistol. The prisoners were arrested by Constable Whitcomb, of Willits, and Railway Dectective Bannister and brought before Judge Whitney for a hearing. Four of the group who gave their names as C. H. Cotter, L. Steerne, J. Smith and A. Maso were discharged and permitted to leave Willits in search of work while three others, J. J. Machesky, L. Bowerson and J. Lawb, were sent to the county jail in Ukiah for a period of thirty days.

The quarantine put into effect here recently by the Willits board of health, ordering all public gatherings to be discontinued on account of the prevalence of the influenza, was raised on Wednesday, so improved were conditions found to be. Willits doctors state that there has been a considerable decrease in the number of cases of the influenza here and frankly state that the situation is well under control.

Mrs. George Reilly, mother of Mrs. Edward Morris, of the Woodland Ranch, is a patient in the Northwestern hospital, where she is recovering from painful injuries sustained last Wednesday afternoon. Mrs. Reilly was leaning upon the railing which borders the second story porch of the Morris home and, when this support gave way, fell to the ground, a distance of ten feet. In the fall Mrs. Reilly strained her back severely and broke the bones in both of her heels. She is now reported as having recovered from the shock, accompanying her painful fall, although it is not believed she will be around for at least two months.

ALMOST UNHEARD OF GRAPE OFFER IS MADE

The grape growers of the Cloverdale section can now contract their grape crop for 192. Seventy-five dollars a ton has been offered for Zinfandels in the Cloverdale section, with no takers. Richard B. Hall, representing the Pioneer Fruit Co., has offered growers this price. This is considered a remarkable price at a time when the vines are only in bud. However, growers are not inclined to contract now, as they do not know what the season may bring forth. For instance, they say, there might be a small crop or a frost which might result in sending prices still further ahead.

But seventy-five dollars a ton for grapes, offered in March, does look good to the vineyardists.

Miss Frances Thompson has returned to her home in this city after an extended visit in the southern part of the state.

Mrs. Hurt, who has been seriously ill with influenza, was among the convalescents this week.

R. H. Hart, of the Hotel Cecille buffet, has been ill the past week with the flu.

RUSSIAN GULCH SHIP FIRM IN BUSINESS

Victor Helgas, who recently purchased an interest in the Russian Gulch wharf and the steamer Mae Hyman, made this office a pleasant call the fore part of the week. The Hyman brought in a cargo of freight the first of the week, which was distributed to coast points from this place to Fort Bragg. Later in the season it is intended to have the steamer make two trips a week. She will have outbound cargo shortly in the shape of fir logs for shipment to Oakland, where they will be manufactured into berry boxes.

Farm Bureau Notes

Home Made Lime-Sulphur Spray

The Farm Adivsor conducted a spray making demonstration in Philo, Thursday, March 9th at the home of C. H. Clow. Many of the orchardists availed themselves of this opportunity to learn whether or not it was possible to obtain efficient spray material at less cost than that charged for like spray material by commercial concerns and their agents.

The costs of twenty-five gallons of lime-sulphur spray made under prevailing conditions, and prices of material obtained in small quantities, are as follows:

Sulphur, 24 pounds	$1.70
Lime, 25 pounds	.87
2 hours labor	.80
Wood	.10
Interest and depreciation	.05
Total costs	$3.52

An excess of nine pounds of lime was used owing to a considerable quantity of the carbonate form being present in the quicklime. The labor included the entire time of getting the material together and making the solution. Twenty-five gallons of excellent spray material testing 33 degrees Baume was made, the cost per gallon being 14 cents. Owing to the excessive cost of sulphur and lime and charge for labor in assembling the material for the demonstration, the spray costs were considerably increased. However, in figuring the costs on the above basis, 16 cents per gallon could have been saved by growers in making their own material.

The growers have become very much interested in the outcome of this work and in the future expect to establish a plant for making their own lime-sulphur solution for spraying purposes.

New Wool Laboratry To Be Constructed At The University Of California Farm

The establishment and equipment of the new wool laboratory at the University of California Farm at Davis will soon be completed. Facilities are to be had for securing small quantities of wool for the purpose of testing its grease and dirt content. A modern electrically operated conditioning oven will make possible accurate determination of the moisture content of wool thus enabling all calculations of weights and shrinkage to be made on a bone-dry basis or upon normal moisture content of 16 per cent.

The laboratory occupies two rooms in the basement of the present classroon building. The largest of the rooms is to house the boiler, scouring vat, dryer skirt-table and storage space. The smaller room will be used as a laboratory and classroom for students.

California has sheep scattered from the high Sierras to the Imperial Valley, which means that the sheep run under every known climate condition and many types and breeds are necessary in order to cope with the situation. Sacramento Valley wool is entirely different from Mendocino County wool. The new wool laboratory will secure data concerning the physical properties of wool from different sections of the state.

Will a sheep shorn twice a year produce more wool than when shorn once a year? Is there any relation between the length of a fleece and the age of the sheep it came from? The University of California Farm hopes to be able to get the real figures on these and many other problems when the new wool laboratory is put into operation.

Visiting flockmasters will be invited to inspect the new laboratory and offer suggestions regarding the work.

Tractor School Plans Complete

Actual tractor repairing and overhauling will be the main feature of the Tractor Extension School which is scheduled to be held in the Pavilion on the old Fair Grounds in Santa Rosa for the week of April 24th to 29th inclusive.

This Tractor School is one of a series which is being given by the University of California in various parts of the state. The enrollment is limited to sixty tractor owners or operators, and the instruction is given by three tractor experts from the Agricultural Engineering Division of the College of Agriculture.

Students will be kept busy six hours a day in repair work, trouble finding, magneto study and timing, etc. Two hours each day are devoted to lecture-demonstrations by Mr. E. J. Stirniman, Agricultural Engineering Extension Specialist, who is in charge of the schools. Over three thousand dollars worth of tools, tractor parts, models, etc. will be used at this school.

Those wishing to obtain further information may secure a descriptive folder from Mr. H. A. Weinland Farm Advisor, Court House, Santa Rosa.

An enrollment fee of two dollars is charged, which is the only charge connected with the course. Enrollments are coming in rapidly, so do not delay, if you expect to attend this school, but send in your enrollment fee at once to M. Weinland.

Willits Farm Center

The Willits Farm Center meeting was held in Sawyer's School, March 8th, with President Clow presiding.

Committee on Center Hall reported that 36 farmers had been interviewed for subscriptions to the new hall, 34 of whom responded freely. Donations are coming in rapidly and steps toward the construction of the building are expected at an early date.

Committee on roads reported that a new road is being planned for the lower end of the valley, connecting the West end of the North road across the valley, with the State highway. The Center is working on rerouting the detour from the State highway between Calpella and Willits to pass through Potter valley and Tomki rather than through Redwood valley. As the summer traffic is composed largely of tourists, this would afford an opportunity for travellers to see a greater portion of Mendocino county: The repair on this road would be permanent and a benefit to the Northern farmers for years to come while the routing through Redwood valley would be of little permanent benefit to the county after the opening of the highway.

Range Prospects

The plentiful rains will insure a bountiful grass supply throughout Mendocino county. The season has been late and there has been some stock losses in the mountain districts particularly with lambs owing to the snow. The ranges are now under normal but with occasional precipitations they will soon be normal.

J. G. Newman who was recently operated on for appendicitus has recovered remarkably early and expects to be out of the hospital Tuesday or Wednesday of this week. His friends will be glad to see him about again.

Ask any of the large photo supply houses in San Francisco who has the best equipment in Northern California, and they will tell you, Wagar, Specialist, Ukiah. Best work always.

The general theme of the addresses scheduled will be: "Civic Beautification" which is prompted by the present campaign launched by the Chamber to stimulate interest locally in the lilac planting campaign that has just been inaugurated.

The principal speaker of the evening will be Jake D. Allen of San Francisco, who, it will be recalled, delivered one of the most stirring, inspirational talks ever heard in Ukiah during the reorganization and membership campaign last November at the civic dinner served at the Palace hotel.

Other speakers on the program will be Carl Purdy, eminent plant specialist and bulb grower, Charles Kasch and others to be announced later by the committees in charge of formulating the details for the program. The musical features of the occasion will be high class and of superlative merit.

In order that as large a crowd as possible may be taken care of at the dinner, special banquet tables will be provided by the hotel management. Owing to the necessity of limiting the number of reservations that will be made, all persons desiring to attend the dinner should call at the Chamber of Commerce office and obtain tickets as soon as possible. The entertainment will be run on a time schedule beginning promptly at 7:30 o'clock. All guests will be expected to be in their places by 7:15 p. m. Some new and specially selected songs will feature the community singing led by V. W. Giorno. Ranking with the principal address of the evening will be a talk by Carl Purdy on plant culture and its possibilities in Ukiah; particularly, lilac growing.

Announcement has been made at the Chamber of Commerce that the first shipment of French lilacs is expected for distribution the latter part of the present week or early next week. Carl Purdy on Tuesday of this week placed an order for one hundred plants with a San Jose nursery with the request that delivery be hastened as much as possible. Mr. Purdy is authority for the statement that lilacs if properly cultivated will bloom in Ukiah during a protracted period extending over several weeks.

The plants will be sold at wholesale cost and will range in price, it is estimated from 65c to about 85c; possibly, a little less. This is considerably less than the listed catalogue prices.

The Ukiah Chamber of Commerce is collaborating with the Lakeport Chamber in petitioning the State Highway Commission and Governor Stephens to give early attention to the paving of the Hopland-Lakeport highway. Local interest is centered in this project as there are many tourists who come this way who would like to avail themselves of the scenic wonders of the Lake region. Such a highway also would stimulate interest among local automobile owners who would find a drive through Hopland to Lakeport, and thence around via Upper Lake and back to Ukiah over the Ukiah-Tahoe highway would serve as an ideal short circle tour through California's scenic wonderland.

BUYS CHURCH PROPERTY LOCATED AT BOONVILLE

L. L. Hopkins, a well known real estate man, of Boonville, was a county seat visitor yesterday. He has just purchased the North Methodist church property at Boonville and has sold the building to A. Farrel. The latter is moving it to a site adjoining the Live Oak Garage, owned by C. A. Tarwater, and will start a picture show.

Mr. Tarwater has completed a fine garage at Boonville and is splendidly equipped to take care of the run this summer. His plant gives Boonville a garage that might well be the envy of many towns a great deal larger.

WANTED A BUSY LINE

The man who had struck one of those rare not-so-very-prohbition parties and didn't want to leave it had made two unsuccessful attempts to get into the telephone booth, the third time negotiating it like a ferry going into a strange slip. He dropped his nickel in.

"H'llo, h'llo, h'llo," he cried. "Say gimme Line's Busy, thassa good girl. H'llo, whassat? Lin's busy? Aw right?"

He staggered out.

"Lord knows I tried to get her anyway," he murmured.—American Legion Weekly.

MRS. TOLES WILL BE CANDIDATE FOR TRUSTEE

Mrs. Martha Toles this week announced her candidacy for city trustee. She is well known to many Ukiah people, being active in church and club circles. Her friends believe she would make a good trustee and are backing her strongly in the belief that there should be a woman on the board.

She has the assurance of much support, and will make a good race.

CONTROLLER COMPILES TAXATION STATISTICS

The average cost to each resident in Mendocino county will be $29.72 in taxes for the year 1921-1922, according to the statement just issued by State Controller Ray L. Riley, whose department has been busy for some time compiling data on tax burdens. Mendocino county's total tax bill for the year 1921-1922 amounts to $717,699.00. Estimating the population to be twenty-four thousand one hundred and fifty, the per capita cost is $29.72.

According to Riley the tax levy includes the general county levy of $575,071.51 and a special and district county levy of $112,367.01. The balance is made up of taxes for the City of Fort Bragg amounting to $16,623.30; Point Arena, $1,319.58; Potter Valley, $3,030.31; Willits, $9,287.29.

These amounts, according to Controller Riley, will be augmented by certain other receipts from different county sources and from moneys distributed to the different political subdivisions by the state, such as school moneys at the rate of $30.00 per pupil; motor vehicle moneys collected in the county, one-half of which is returned for use on highways.

The highest per capita in the state is in Kern county, with $82.53 and the lowest is Solano with $27.45. Mendocino is 5th from the lowest among the 56 counties of the state.

NEW SMALL DURANT CAR IS TO SELL FOR $348

C. P. Smith and son, Ukiah agents for the Durant car, whose show rooms are opposite the Victory theatre, have received word to the effect that the three hundred and forty-eight dollar car which W. C. Durant promised three weeks ago that he would unveil in Washington today is on exhibition in the Connecticut Avenue showrooms of Harper Brothers.

The new product is to be known as the Starr car, and is to be manufactured by the Durant Motors, Inc. under contract with the Starr Motor Co., which control the distribution of the car in the United States and its possessions.

The Starr car has created a great deal of interest among those who have seen it. They did not think that it was possible to build a car which embodies so many features of the higher price classes to sell in competition with the lowest priced cars heretofore on the market. It has a four cylinder Continental Red Seal motor, and the touring car is built to carry five passengers in comfort. Mechanical features include a disc clutch, selective sliding transmission with three forward speeds and reverse, Timken bearings in front and real wheels, together with a Timken axle, and Hotchkiss type drive shaft. The "tubular backbone," an exclusive Durant feature, is incorporated in the frame, giving strength and rigidity to the body.

The body of the Starr car is full streamline design, with a high hood and slanting windshield. It will be produced in all popular models. It has semielliptic springs, vacuum feed gasoline tank, and is electrically equipped.

Since the announcement was first made, three weeks ago, many conjectures concerning the new car have been current throughout the country. The Starr car, as was expected, is something of a sensation, because it contains so many features that are not possessed by any other low priced car.

Durant has promised quantity delivery by June first.

REDWOOD VALLEY CHILD WINS PRIZE FOR ESSAY

Little Miss Elsie Thowson of the Redwood union school was the only pupil in Mendocino county to secure a prize in the recent Washington Essay contest conducted by the Examiner.

She was also the youngest contestant to recive a prize.

Needless to say Mrs. Hopkins is proud of her pupil and anticipates much for her in the future, she having had two stories published, one in the Dispatch-Democrat and this essay in meritorious work this winter, all done when seven years of age.

THE TELEPHONE GIRL

From the Chicago Evening Post

Immediately after the roof of the Knickerbocker Theater in Washington, D. C., caved in under its weight of snow last Saturday night a man who was standing outside of the building went into a telephone booth and told "Central" what had happened. The telephone girl did the rest.

This girl realized the situation, communicated the information to other members of the office force, and within ten minutes seventy-two physicians residing in the Columbia Exchange district, where was located the theater, were told of the disaster; every hospital and first aid agency in the city was notified, a report was made to the War Department and to the municipal government offices, and the work of rescue and of relief was almost instant.

In France the telephone girl proved her courage and resourcefulness in war. She had proved it long before under other conditions of emergency and of peril. In floods, in famine, in fire and in riots the telephone girl has showed the stuff that is in her.

We fear that we do not always remember these things in our daily communications with Central. Sometimes, however, when we do think of them we are sorry that we have blamed the telephone girl for annoying things beyond her control, such as the fact that the telephone of a friend is busy when we want to talk to him, and that perchance we are given the wrong number when the fault lay not with the telephone girl's keenly attuned ear but with our own mumbling manner of speech. We hope by this inadequate tribute that we have made amends for a somewhat frequent use of hasty but really unmeant words.

Wm. Ross, supervisor of the fourth district, was in town to attend the board meeting the first of the week.

ATTENTION WOOL GROWERS

We will offer a list of prizes for the eight BEST FLEECES of WOOL grown in California.

In order that there may be an equitable distribution of prizes we have divided the State of California into two zones. All north of Stockton to be known as "Zone No. 1" and all south of Stockton to be known as "Zone No. 2."

In each of these respective zones we will award a like set of prizes in amounts as follows:

FIRST PRIZE .....$200.00 SECOND PRIZE $150.00
THIRD PRIZE .....$100.00 FOURTH PRIZE $50.00

Wools will be judged in accordance with their QUALITY, CONDITION, STAPLE SHRINKAGE and BREEDING, and SIZE OF FLEECES. All fleeces to be numbered and growers name withheld until prizes shall be awarded.

The judges will be three disinterested men thoroughly capable of making the awards, one of whom will be selected from the State Agricultural Department of Davis Cal.

We believe this will help encourage BETTER BREEDING and improve the quality and handling of wools raised in this state, and encourage greater production of WOOL and SHEEP in California.

Fleeces must be shipped "EXPRESS COLLECT" to our office, 787 Mills Building, San Francisco, before July 1, 1922. Prizes awarded August 1, 1922.

All growers eligible to compete, regardless of quantity.

The Big Election of 1886

Democrats Elect the Governor

Republicans Capture Half the County

By J. B. SANFORD

The election of 1886 was a disastrous one as far as the Mendocino county Democracy was concerned. One of the greatest primary fights this or any other county ever staged was pulled off. There was a contest for every office in the county, as a Democratic nomination at that time was equivalent to an election. There was an old un-written, foolish law that an official should not serve more than two terms in the same office, especially if the office carried a good salary with it.

"Doc" Standley had been sheriff for two terms of two years each and had made a splendid official and had an ambition to serve longer. Major Cunningham had been clerk for one term and was a candidate for re-nomination. Walter L. Bransford had been clerk for two terms prior to Major Cunningham and desired to come back and succeed Cunningham. J. J. Morrow who had served two terms as recorder, stayed out for a term and came back and tried for a third term over W. M. Peery who had served one term. James Fowzer, a one-legged man who had been treasurer since the new constitution, was opposed by D. M. Gibson. There was a bitter contest over each office, so bitter in fact that the Democrats did not get over their "mad spell" and carried it on to the general election, with the result that the Democratic party was all split to pieces, and the Republicans secured the best offices and built up a machine and controlled things for years. The Democrats voted for the candidate direct in the primaries, thus pledging the delegates to the candidate receiving a majority of the votes in each precinct. On the other hand the Republican leaders got together and selected their strongest men without any contest and thus went into the fight in perfect harmony.

The hottest fight was over the sheriff's office between J. M. (Doc) Standley and his under sheriff, J. H. Seawell, who had a laudable ambition to become sheriff. Wm. Isbell also entered the race, but the fight narrowed down between Standley and Seawell. These two candidates remained friends but their partisans became very bitter before the struggle was over. So close was the contest throughout the various precincts that the result was not definitely known until all the precincts were in. It then developed that Standley had carried a few of the large precincts by just a few votes and had won the nomination. Seawell tried in vain to hold his men to Standley in the fall.

The Cunningham-Bransford contest was carried into the convention with the result that Cunningham won over Bransford by 64 to 42. W. M. Peery won the recordership over Morrow and Fred Dashiell, and Fowzer defeated Dan Gibson for treasurer. For District Attorney, J. K. Chambers was nominated over J. Q. White, who had virtually withdrawn from the race. D. A. Hogshead was nominated for coroner over H. H. Mitchell and Dr. T. H. Smith. John C. Lane was nominated for surveyor unanimously.

There was also a hot fight over the nomination for the Assembly between W. J. Hildreth, E. B. Bateman, C. W. Tindall and H. A. Peabody, the result being the nomination of Peabody.

Another close contest was over the nomination for superintendent of Schools between J. A. Poage, of Ukiah; Mrs. S. W. Haskett, of Ukiah; W. C. Cartmell, of Point Arena; Walter Maxwell, of Westport; F. M. Crossley, of Potter Valley; and G. J. Brown, of Covelo. No one had a majority in the primaries so the fight was thrown into the convention and 11 ballots were taken before a choice could be made. W. C. Cartmell was nominated.

The last great battle was over the assessorship with the following aspirants: J. D. Ward, of Cahto; T. J. McGimsey, of Boonville; E. C. Foushee, of Navarro; M. A. Thomas, of Redwood; and C. P. Smith, of Ukiah. The fight was quite bitter and C. P. Smith and E. C. Foushee went before the convention. Foushee withdrew and gave notice that he would run independent, but thought better after thinking it over and withdrew.

Mendocino and Lake counties formed the state senatorial district and there was also a contest there between Archibald Yell and Whit Henley, of Mendocino and E. W. Britt, of Lake, with the result that Yell was nominated.

For supervisors, Allen R. Davidson was nominated in the Third district and H. B. Scott in the Fifth.

The Republicans, flushed with the hope of success over the Democratic split, met and nominated a complete ticket and went to the bat with the determination of making a clean sweep.

The Democras met in state convention and nominated Hon. Washington Bartlett, mayor of San Francisco, for Governor, and Hon. M. F. Tarpey, of Alameda for Lieutenant Governor. The Republicans named John S. Swift, of Los Angeles, for Governor and R. W. Waterman, of San Bernardino, for Lieutenant Governor.

For Congress, the Democrats nominated T. L. Thompson, of Santa Rosa, and the Republicans nominated Charles A. Garter, of Red Bluff.

In county affairs, the fight was a humdinger from the kick off. The bitter primary fight could not be smoothed over, as the Republicans with persistency kept opening up the old wounds. The big fight hinged on the contest for sheriff between Standley and Osborn, for clerk between Cunningham and Paxton, for superintendent of schools between Cartmell and Dillingham, for the Assembly between Peabody and Handy, and district attorney between Chambers and Mannon. The result was the Republicans won all these offices. The fight for sheriff and clerk was the closest. Osborn defeated Standley by 6 votes and Paxton beat Cunningham by 6 votes. A contest was instituted over these two offices, but the result was not changed.

The vote throughout the county was al follows:

Governor—Bartlett, Dem., 1552; Swift, Rep., 1219.

Lieutenant Governor—Tarpey, Dem., 1566; Waterman, Rep., 1297.

Congress—Thompson, Dem., 1,589; Garter, Rep., 1297.

Senator—Yell, Dem., 1630; Hammond, Rep., 1298.

Assembly—Peabody, Dem., 1436; Handy, Rep., 1515.

Sheriff—Standley, Dem., 1478; Osborn, Rep., 1484.

Clerk—Cunningham, Dem., 1474; Paxton, Rep., 1480.

District Attorney — Chambers, Dem., 1331; Mannon, Rep., 1581.

Recorder—Peery, Dem., 1756; C. H. Hunter, Rep., 1157.

Treasurer—Fowzer, Dem., 1706; E. W. Blair, Rep., 1249.

Assessor—Smith, Dem., 1638; T. E. Rawles, Rep., 1253.

Supt. of Schools — Cartmell, Dem., 1411; Dillingham, Rep., 1,568.

Coroner—Hogshead, Dem., 1569; E. S. S. Root, Rep., 1349.

Surveyor—Lane, Dem., 1569; J. C. Rice, Rep., 1313.

Supervisor, Third Dist.—Davidson, Dem., 299; Branscomb, Rep., 262.

Supervisor, Fifth Dist.—Scott, Dem., 303; Curley, Rep., 276.

Throughout the state, Bartlett (D.) was elected Governor by about 600 votes and Waterman (R.) was elected Lieutenant Governor by a few thousand. Thompson was elected to Congress and Yell defeated Hammond for the State Senate.

It will be noted that the Republicans elected the most and the best of the county offices, which put the Democrats on the rocks for many years. This was the rise of Paxton and his deputy Hale McCowen, and Dillingham and Mannon, four strong, able men who were strong enough to be reelected for years to come. Sheriff Osborn died in office within a year and the board of supervisors appointed Doc Standley to fill out the term, Standley retaining W. P. Thomas undersheriff.

Governor Bartlett died within a few months after he had been inaugurated and Lieutenant Governor Water became Governor.

COURSE OF OBSTRUCTIONISTS ABSOLUTELY INDEFENSIBLE

The conduct of the Senators who are now opposing the ratification of the Four Power Treaty at Washington is discreditable both to their heads and hearts. These Senators are presuming much upon the ignorance and credulity of the American people when they assume that the people are going to be misled by the flimsy and almost idiotic pretexts which these Senators are putting forth to justify their action.

The Democrats who are taking part in this opposition are perhaps a little more excusable than the Republicans as these Democrats are only repeating the tactics adopted by the Republicans to prevent the ratification of the League of Nations when it was before the Senate in 1920. So far as to any essential difference between the objects sought by the League of Nations and the treaties formulated recently at the Peace Conference at Washington, there is none, and the difference in the methods now proposed to reach the common ends desired by all, are differences in phraseology rather than in substance. The plain truth is that a large number of Republicans opposed the League of Nations professedly on one prextext or another, but really because it was fathered by President Wilson; likewise the Four Power Pact is now being opposed by a number of Democratic Senators because it has a Republican label on it and because it is known that the Republicans defeated the League of Nations for partisan purposes. Again, a few opposed the League of Nations for petty personal reasons and to spite President Wilson, and now a few Republican Senators are opposing the Four Power Pact because of petty personal grievances against President Harding and the Republican administration.

While it is but human to retailiate, yet it is to be hoped that the Democratic Senators will rise above petty politics and will give their earnest support to these treaties and insure their ratification. This will in the end be the wisest course as well as the right thing and the patriotic thing for them to do. The new treaties may be no better than the League of Nations, and in their opinion may not be as good, but the League is now past history and the best thing now to do is to take the nearest thing we can get to obtain the objects sought by the League and not be controlled by political resentments.

Our own Senator Johnson did many commendable things when he was Governor of this State for which we honor him and for which the people of California honored him by sending him to the United States Senate, but his course since he has been in that body has not been one that his constituents can be proud of. He has almost continually since his advent into that position been an obstructionist rather than a constructionist. His ability and energy have been directed to tearing down rather than building up. As politics go, there might have been some semblance of justification for his opposition to President Wilson's policies on political grounds, but his attitude on the treaties now before the Senate is robbed of that excuse and is mortifying and humiliating to many of his own friends.

His pretended arguments are so specious and weak that they at once suggest insincerity. His quibbling over the treaties because he does not know whether the original draft was made by Mr. Balfour, Mr. Kato or Mr. Hughes is childish and utterly indefensible. The treaties speak for themselves. They are either good or bad. If good, they should be ratified without delay. If bad, the evil in them should be pointed out and the arguments against them supported by something more than childish quibbles. His whole course in this matter has been puerile and unworthy of him. With Reed and Watson and LaFollette and Hearst as his travelling companions, he has fallen into bad company and the sooner he parts with it, the better, for the people groaning as they are under their tremendous burden of taxation and desirous of peace, have very positive ideas on the question of the ratification of the peace treaties and are not going to be trifled with.

TO START WORK ON NEW ELK MOUNTAIN ROAD

The plan proposed by Lake county last January to cooperate with the government in the construction of a new road over Elk Mountain has been accepted by the government, according to advices which have been received, and work on the road will begin on April 1st.

Although the cost was previously estimated at $18,000, which was to have been shared equally by the county and government, the government has announced that it will expend $13,000 on its own account and that the county will only be required to expend its former share of $9,000. As the county is now receiving 900$ a year from the government at present for pasture rentals, etc., it is not assuming any direct obligation in the building of the road.

The construction of this new road will open up one of the greatest camping and hunting regions in California, and should attract many who enjoy the wonders of the great outdoors. In addition, the road will give access to more than 5,000,000 feet of timber. The road will also form a connecting link with the road leading from Mendocino county to Gravelly valley, and will consequently divert much travel into Lake county.

The board of supervisors on January 10th unanimously adopted a resolution to cooperate with the government in building the new road, and the announcement made by the government to build the road in conjunction with the county, is the result of the supervisors' former action.—Lakeport Bee.

PRICE REDUCTION RULES ON SMALL CLETRAC TRACTOR

A great deal of interest was displayed all over the country when the Cleveland Tractor Company announced a new model of tank type tractor. This announcement was made three months ago and a price of $950 delivered in Ukiah was announced. Everyone who has seen this little tractor work has agreed that it is a marvel for power and adaptability to all conditions and that it was well worth the price asked.

Now the announcement that the price is reduced to $735 delivered in Ukiah is of great interest to us all and puts this tractor in reach of every rancher with a medium sized ranch.

Moulton Bros. announce that they will have one of these tractors on hand for inspection and will be glad to demonstrate it at any time.
